YOUR CONTACTLESS
CARD! TAP. PAY. GO.

Use your contactless debit or credit card to make secure purchases with a simple tap. No swiping or inserting required at contactless-enabled terminals.

1. Look for the
Contactless Symbol

Find the contactless symbol on your card. This means your card is ready for tap-to-pay purchases.

2. Find the
Contactless Reader

When you're ready to check out, look for the contactless symbol on the payment terminal.

3. Tap to Pay

Hold your card near the reader until the payment is confirmed. That's it—your purchase is complete.

If a contactless reader isn't available, simply insert or swipe your card as usual. For some purchases, you may be asked to enter your PIN or verify your transaction.
